County, New Mexico

Gentlemen:

Commission Form C-101 Application for Permit to Drill the subject well was approved on November 9, 1970, and to date no further reports have been received.

According to the Scout Report the well is now drilling below 8300 feet.

Please file Form C-103, reporting the hour and date spudded, the setting and cementing of the surface and intermediate casing. Said report must show the amount, size, grade and weight of the casing, the amount of cement used, the WOC time and pressure test results.

Very truly yours,

OIL CONSERVATION COMMISSION

W. A. Gressett
