Gentlemen:

Application is hereby made on behalf of C. H. Juni for administrative approval of a 40-acre non-standard unit and unorthodox well location, for the State No. 2, located 660 feet from the North line and 1650 feet from the East line of Section 1, Township 15 South, Range 29 East, Chaves County, New Mexico.

Subject well was originally drilled as an oil well by Corinne Grace and has been shut in since January 1972. A potential test run by Phillips Petroleum Company established a flow rate of 139 MCF gas per day with no oil or water thru a 24/64" choke.

Attached is a plat showing the acreage involved and the offset operators. All offset operators have been furnished a copy of this application and plat by certified mail.

Yours very truly,

OIL REPORTS & GAS SERVICES, INC.
