Stevens & Co., Inc. hereby request an exception for venting gas, for an indefinite period of time on the Sulimar Federal Lease in the Sulimar Queen field.
There are 2 wells producing into this tank battery with a combined production of 4 BOPD and a gas rate of TSTM. the nearest Gas Gathering Facility is Phillips 66 Natural Gas Company.

Phillips 66 Natural Gas Company disconnected the GAS METER in the early months of 1988, due to the combined production of the wells being gas was too small to measure: Therefore Stevens & Co., request that they be allowed to vent the gas on this lease.

18. I hereby certify that the foregoing is true and correct
