ARTESIA, OFFICE

Dear Mr. Enfield:

We are in receipt of your letter of May 15, with attachments, concerning the recent classification of your Federal Well No. 1-11 in the Buffalo Valley-Pennsylvanian Gas Pool, Eddy County, New Mexico.

Upon classification to marginal status 277,143 Mcf of underproduction was cancelled, and you have requested that the well be reclassified back to non-marginal status and the underage reinstated.

Inasmuch as this matter is of vital interest to all concerned, yourself, Southern Union, and the Commission, we feel that a new deliverability test should be conducted on the well.

By carbon copy of this letter, Southern Union Gas Company is hereby directed to make arrangements for a new deliverability test of the well in the immediate future.

Very truly yours,

DANIEL S. NUTTER  
Chief Engineer
