Dear Sir:

An inspection was made October 16, 1977 on the subject plugged and abandoned well.

The inspection revealed that the marker and location are ok. However, I will be unable to sign the subsequent report, C-103, plug and abandon, until I receive form C-105.

Your prompt attention in this matter will be appreciated.

Sincerely yours,

Leelan A. Mennis
Oil & Gas Inspector

Very truly,
Sincerely,
