Form 9-330

RECEIVED

AUG 02 1976

U. S. GEOLOGICAL SURVEY
ARTESIA, NEW MEXICO

No. 17

MARALO, INC.

Butler Springs Unit No. 2

Chaves County, New Mexico

The well was perforated, and completion commenced in the Morrow; first Morrow gas was produced on this date. Continuous operations were conducted attempting to obtain a commercial well from the Morrow. It was determined that the well was not commercial from the Morrow and operations were started to plug back to the Grayburg zone. See subsequent form 9-331 for plug back information.
