Dear Miss Taylor:

We hereby acknowledge receipt of Federal Form 9-331C Application for Permit to Drill the subject well.

This is an unorthodox location and therefore must be approved by the Commission prior to producing it or utilizing it for water injection.

To date, this office has no record of Commission approval therefor.

Please refer to Commission Rule 701 and make application for this well as you have on previous expansions to the flood.

If you have any questions concerning this matter, please feel free to call upon me.

Sincerely yours,

W. A. Gressett  
Supervisor, District II
