Re: P&A Saunders State
#1-O-36-15S-26E
Chaves County, NM

Gentlemen:

An inspection was made July 3, 1978 on the dry hole site for the subject well which revealed the rot and mouse holes standing open. I cannot okay the P&A cleanup until these holes are covered.

Please see to this being done and notify me at this office when the location is ready to be re-inspected.

Thank you,

Mike Stubblefield
Oil & Gas Inspector
