Re: NTL-2B

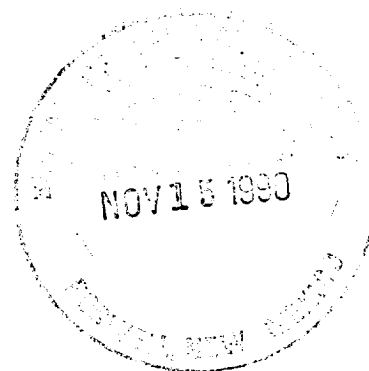

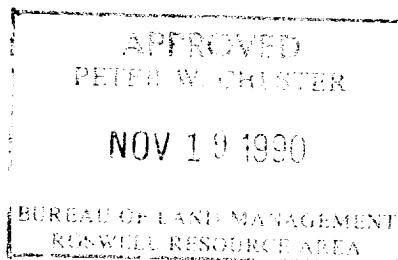

Dear Sir:

In compliance with the above order, DEKALB Energy Company respectfully requests approval of disposal operations as follows:

Lease: R & S Federal Com #1
Location: NWSW Sec. 17, T15S-R28E
Chaves County, New Mexico.
Daily quantity of water: 15 BWP
Source of water: Morrow. Water analysis attached.
Method of disposal: The water from the production separator will be accumulated in a 100 barrel closed top fiberglass tank. The water will be trucked to an approved disposal system.

Very Truly Yours,

Claudia Schonebaum
