Gentlemen:

In order to change the above captioned well from an oil well to a gas well, you will need to submit a C-102, Surveyors Plat, dedicating 160 acres to this well.

Due to the location of the well, as a gas well, it is an unorthodox location, therefore you will have to apply through the Santa Fe Office for a Non-Standard Location approval.

When submitting your C-104, Request for Allowable, please send us the original and 2 copies of the Deviation Survey, signed and notarized.

If this office can be of any assistance, please call.

Very truly yours,

A handwritten signature in cursive script that reads "Leslie A. Clements".
