New Mexico

Dear Sir:

We are returning your recently submitted C-104 and C-105 on the above-captioned well. It will be necessary for you to make the following corrections:

- 1) Form C-104 should be signed.
- 2) The results of "Acid or Fracture Treatment" on form C-104 does not coincide with the data listed under "Record of Production Stimulation" on form C-105. This information should be the same on both forms.
- 3) Please give complete information regarding formation tops and formation record on form C-105.

Please make the above corrections and return these forms to this office as soon as possible.

Very truly yours,

OIL CONSERVATION COMMISSION
