Re: Morris Estate #1  
NW SW Sec. 14-17S-25E  
Eddy County, New Mexico

Dear Sir:

The above described well was plugged under the supervision of Mr. Sutton October 2, 1962. However the location and a pit south of the well are yet to be cleaned up and we must have C-103 (Plugging Report) before plugging bond can be released on this well.

Very truly yours,
