Dear Mr. McGee:

We are in receipt of your letter dated July 22, 1961. The well Mr. Morris referred to in his letter to you was in error. The well which needs to be plugged is the McGee Sharp Well # 1, Sec. 13-17S-26E, Eddy County, New Mexico.

This is the fifth letter we have written to you about this well. It is in the water area and is flowing water part of the time. This well must be fixed at once. Please let us hear from you.

Very truly yours,
