DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

This well was drilled to 30'.

We filled hole with dirt, set marker in two sacks of cement, cleaned up location. Levelled up pit, etc.

DEC 1 1961

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
