

OIL CONSERVATION COMMISSION

205 CARPER BUILDING

ARTESIA, NEW MEXICO

March 14, 1935

Mr. E. Orvitt
P. O. Box 85
Anton, Texas

Dear Sir:

Re: E. Orvitt, Koppie, No. 2,
NW/SE, Section 19-17S-27E,
Logan Draw Pool, Eddy
County, New Mexico.

Mr. C. E. Geiser was in this office today and informed me that you have requested him to obtain a plugging program to plug the above captioned well for you.

I have outlined a plugging program on Form C-102, Notice of Intention to Plug, and it is enclosed herewith. Please sign all four copies and return to this office with a letter informing me that Mr. Geiser has been authorized by you to plug the above well. Upon receipt of the signed forms and the letter of authorization I will give Mr. Geiser permission to start plugging operations.

Yours very truly,

OIL CONSERVATION COMMISSION

L. A. HANSON

OIL CONSERVATION COMMISSION

205 CARPER BUILDING

ARTESIA, NEW MEXICO

December 28, 1953

Mr. George W. Littlefield
Box 6592
Roswell, New Mexico

Dear Sir:

C In reply to your request by telephone this A. M. in regard to the location and production of oil from the E. Orcutt well in Logan Draw Pool, Eddy county New Mexico.

O The location and operating name of the well as reflected by the Oil Conservation Commission file is as follows:

E. Orcutt- F. E. Kepple No. 2 in the SW NW SE or 1650' from South line and 2310' from the East line of Section 19-17S-27E Eddy County, New Mexico.

P And as for the oil production from this well, the Oil Conservation Commission records indicate the last production shown in the proration schedule was January 1948, and the New Mexico Oil and Gas Engineering Committee Report shows accumulated oil production of 120 barrels to January 1, 1949.

Y If there as been any production from this well since January 1948 the operator has failed to report it to the proration office.

Yours truly,

OIL CONSERVATION COMMISSION

Mr. George W. Littlefield
Box 6922
Roswell, New Mexico

Dear Sir:

In reply to your request by telephone this A. M. in regard to the location and production of oil from the E. Orcutt well in Logan Park, Eddy County, New Mexico.

The location and operating name of the well as reflected by the Oil Conservation Commission file is as follows:

E. Orcutt - E. E. Kephart No. 2 in the SW NW 25 or 1650' from South line and 2310' from the East line of Section 19-17S-27E Eddy County, New Mexico.

And as for the oil production from this well, the Oil Conservation Commission records indicate the last production shown in the production schedule was January 1948, and the New Mexico Oil and Gas Engineering Committee Report shows accumulated oil production of 120 barrels to January 1, 1949.

If there has been any production from this well since January 1948 the operator has failed to report it to the production office.

Yours truly,

OIL CONSERVATION COMMISSION
