Gentlemen:

As requested in your subject letter of December 11, 1984, this is to authorized one day (50 Mcf/day limitation) production for the captioned wells on December 16, 1984, and January 16, 1985, to provide leasehold production requirements for the respective periods ending on those dates. You state that you will advise of additional future production needs on these leases.

Please contact Don Laird - Artesia Plant Superintendent (505) 677-3154 to correlate production of these wells under these criteria.

Cordially yours,

J. W. Maharg
