Re: Gas Injection Project
Supply Well, Berry A
No. 22 K 24-17-27

Dear Mr. Latch:

Commission Order No. R-3096 authorized your Empire Gas Injection Project for which the subject well is the supply. Please be advised that the following Commission Forms must be filed for the continued operation of this well and the project. Three copies of Form C-104 must be submitted showing all information noted or checked on the enclosed example. Volumes produced must be reported monthly on Form C-115 and C-111. The statement, "Used for gas injection project R-3096", must be shown on Form C-115. Three copies of Form C-102 showing 160 acres dedicated to the well must be filed. And finally, as the location of the well is not a standard gas well location, administrative approval of the non-standard location must be sought in accordance with Rule 104 F, Commission Rules & Regulations.

If there are any questions concerning this matter, do not hesitate to call upon me.

Very truly yours,

OIL CONSERVATION COMMISSION

R. L. Stamets
