We propose to drill well with drilling equipment as follows: To be drilled with cab

cable tools to A depth of 550 feet

The status of a bond for this well in conformance with Rule 101 of the General Rules and Regulations of the Commission is as follows:______

We propose to use the following strings of casing and to land or cement them as indicated:

Size of Hole	Size of Casing Weight Per Foot		New or Second Hand	Depth	Landed or Cemented	Saeks Cement
		· · · · · · · · · · · · · · · · · · ·				

If changes in the above plans become advisable we will notify you before cementing or landing casing. We estimate that the first productive oil or gas sand should occur at a depth of about.......feet.
