Mr. R. F. Montgomery
Proration Manager
Oil Conservation Commission
Hobbs, New Mexico

Dear Mr. Montgomery:

This morning I have received your letter addressed to Owen Haynes concerning the production on Harbold No. 12-E in Section 35, T-17S, R-27E, Red Lake Pool.

According to records I have an allowable was given this well in April 1956 and the authorization to transport oil was approved on the same date. I have no record of the well being shut in consequently did not consider the 149 barrels run in March as illegal oil.

I am enclosing the request for allowable and authorization to transport oil and if any other reports are needed and if you desire further information I will appreciate your advising me.

Thank you.

Very truly yours,

Erma C. Williams, Agent
