Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

Keinath & Brainard Brekke State Well No. 1 in SESESW  
Company or Operator Lease  
of Sec. 32, T. 17, R. 27, N. M. P. M., Wildcat Field  
Eddy County.

**FULL DETAILS OF PROPOSED PLAN OF WORK****FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION**

Attached thereto are logs of this well in triplicate, there were no oil or gas shows but the section from 1800 to 1900 was where the pay section in that area should have been encountered. With this in mind we propose to plug back to 1950 with mud and run 5 sacks cement.

Then fill with mud to 1700 and run 5 sacks more cement. 7" casing set at 1774 with 40 sacks cement. This will effectively seal off zone between 1800 and 1900 above referred to

Knock off 7" casing between 1200 and 1300. and pull. Fill with mud to 1150 and pull 8" casing. Fill with mud to top and place marker in cement.

The water at 200 feet was brackish and was not good for stock.

Approved May 3, 1946  
except as follows:

Keinath & Brainard  
Company or Operator
