Re: Southern Union Production
Co., Federal No.1 unit D,
Section 3-17-28, East Red
Lake-Queen-Grayburg Pool

Gentlemen:

The subject well was shown as shut-in with no allowable beginning March 1, 1964, in the District II Oil Proration Schedule. To date operator has not requested a reassignment of allowable. It has now come to our attention that Phillips Petroleum Corporation has been purchasing gas from this well. Until an allowable is reassigned the well, purchase of gas by Phillips should be discontinued.

Very truly yours,

Oil Conservation Commission

Re: Southwestern Production
Co., Operator No. 1 Unit 5
Section 30-7-12 Base Res
Baker-Olsen-Briggs Unit

Dear Sir:

The subject well was shown as shut-in with a flowable
beginning March 1, 1961, in the District of the Production
Company. The gas operator has not requested a reassignment of
flowable. It is now some 300 feet from the well. The
operator has been purchasing gas from this well. Under
in flowable is necessary the well purchase of gas by Phillips
should be discontinued.

Very truly yours,

Oil Conservation Commission
