N.A.
15. ELEVATIONS (SHOW DF, KDB, AND WD)
3607 GR

NOTE: Report results of multiple completion or zone change on Form 9-330.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Request permission to move tank battery to a more central location. Old tanks would be moved and area cleaned, leveled and restored as much as possible. Tanks are now located in the extreme SW of NW $\frac{1}{4}$ (Unit E) of Sec. 19-17-28. The new tanks would be located in the SW NE NW $\frac{1}{4}$ (Unit C) of 19-17-28.

Care would be taken to disturb the terrain as little as possible. No new roads would be required. The area to be used has previously been used as a water flood plant site so no new ground would be disturbed.

Subsurface Safety Valve: Manu. and Type _____ Set @ _____ Ft.
