Oil Cons. Comm.
ARTESIA OFFICE

Mr. M. L. Armstrong
Supervisor, District #2
205 Carper Bldg
Artesia, New Mexico.

Dear Mr. Armstrong:

In reply to your letter regarding the wellknown as my #1 F; W. & Y- State, the situation is as follows: When I drilled this well I agreed with Mr. Welch that I would leave this hole open so that he could deepen it at some future date. The well was drilled on his bond or they were my indemnifiers. I cant quite remember this point. This same condition is true in connection with my #2 F. W. & Y- State.

I intend being in Artesia shortly after November 1st, at which time I will call on you and discuss the matter further.

Yours veryytruly ,

Herbert Aid
