Re: Form C-123, Castle & Wignall,
N. G. Phillips St. Nos. 1, 2,
3, 4, 5, Sec. 27-17-28, Eddy
County, New Mexico

Dear John:

We requested that the operator file the attached subject form C-123 in order to transfer certain acreage from the Red Lake (Grayburg-San Andres) Pool to the Artesia (Queen-Grayburg-San Andres) Pool. This transfer is necessitated by the fact that they have found oil in the Queen formation in their No. 2 Well and are attempting a Queen completion in their No. 4 Well.

I have made a plat showing the proposed change. You will note that this area is adjacent to that half-section already on for transfer at this month's hearing. Therefore, could you please bring this transfer of acreage before the Commission at the same hearing.

Very truly yours,

OIL CONSERVATION COMMISSION

Dear John:

We requested that the operator file the attached subject form
C-123 in order to transfer certain acreage from the Red Lake
(Grayburg-San Andres) Pool to the Artesia (Green-Grayburg-San
Andres) Pool. This transfer is necessitated by the fact that
they have found oil in the Green formation in their No. 2 Well
and are attempting a Green completion in their No. 4 Well.

I have made a plat showing the proposed change. You will note
that this area is adjacent to that half-section already on for
transfer at this month's hearing. Therefore, could you please
bring this transfer of acreage before the Commission at the same
hearing.

Very truly yours,
