Re: Buffalo-Delhi-State Well #1,
Unit C, Sec. 29-17S-28E, Eddy
County, New Mexico

Gentlemen:

A recent field inspection of the above-captioned well reveals that the cellar has not been filled, the "dead-man" wires have not been cut, and that the drain pit for the tank battery has not been filled.

These things must be taken care of before this office can approve the plugging report.

Very truly yours,

Continued

A recent field inspection of the above-captioned well reveals that the
teller has not been filled, the "seal-man" who has not been
and the drain pit for the same battery has not been filled.

These things must be taken care of before this office can approve
the existing report.

Very truly yours,

W. C. Sullivan, Jr.
