> Re: Producing formation, Juli. Bedingfield, Astor & Fair # 1-1, Unit F, Sec. 31-170-001, Add. County, New Mexico.

Dear Mr. Porters

In Larch of this year Mr. J. E. Sedingfield filed and but but approved Form C-102 "Notice of Intention to Re-Work" the subject well in the led Lake pool. Subsequently, in April through July, the actual work was performed; however, in addition to remorking the hell Lake and (Trapherg) Mr. Bedingfield opened and treated the Empire Pay (Seven Stread). After the workover, Mr. Bedingfield filed Form C-127 requesting an increase in the wells allowable to top allowable, stating that the Beven Fivers Zone had been perforated and acidized. When we then wroke to Mr. Sedingfield requesting the necessary forms to show the change in pool designation we became aware of the fact that the production from two separate pools is being commincied in the well bore.

Therefore, we are now writing you to see if anything in the way of an administrative order or special dispensation can be given by. Bedingfield in order that he may produce this well as is. Mr. Sedingfield did perform the work in good faith being unaware that what he did was not legal. He has expended a considerable amount of money in working the well over. The well should produce some oil which probably would not be otherwise recovered as both of the pay somes became var marginal very quickly. The royalty interest is the same for both zonas. 《浙江 《路》 推购政务
