Oil Conservation Commission  
P.O. Drawer DD  
Artesia, New Mexico

O. C. C.  
ARTESIA, OFFICE

Dear Mr. Armstrong:

In accordance with our telephone conversation, notification is made of the following work.

Re-enter the J. E. Bedingfield No. MRY, a plugged & abandoned dry hole, drilled as an oil or gas well. Location of which is 330' FNL & 990' FEL, Section 31, T17S, R28E. Purposed work is to drill out the plugs to 925' and test for water at 887' to 900'. If water supply is found, run casing to 850' and cement, complete for water supply. If water supply is negligible amount, replace plugs & dry hole marker and abandon.

Yours very truly,

*Archie M. Speir*
