Dear Miss Gaddy:

We hereby acknowledge receipt of your letter of August 18, 1975, concerning the allowable cancellation for the Cactus Drilling Corporation Delhi A State #1-D, 33-17-28.

Said allowable was cancelled effective 8-1-75 for failure to file Form C-115 for the month of June, 1975. Let me assure you that prior to cancelling the allowable on any well, our records are checked to make certain that the required reports are not on file in this office. Also, we are well aware of the deadline for filing reports.

Further, this office has been trying since March 5, 1975, to get a GOR test on this well. In telephone conversations with Mr. Davis, I was told that some work was being performed on the well and a test would be submitted soon. To date, we have not received the test or a report on what was done. When the workover that is now in progress is completed and we receive Form C-103 with a detailed report of all work performed on said well, including the daily production of oil, gas and water, both prior to and after the remedial operation, and Form C-116, GOR Test, an allowable will be assigned in accordance with said test.

If you have any questions concerning this matter, please feel free to call upon me.

Sincerely yours,

W. A. Gressett
Supervisor, District II
