Place

June 18, 1940

Date

OIL CONSERVATION COMMISSION,  
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the John W. Crumley  
Crumley - Levers Well No. 1 in Artesia  
Company or Operator 34 Lease 287  
of Sec. 34, T. 17S, R. 28W, N. M. P. M., Artesia Field,  
Eddy County.

## FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

The bottom of well at this time, since bridging back is 1853 feet with some dry gas in the hole. We put a header on and tested but we do not have enough rock pressure for commercial purposes. We got some oil at 2045 to 2085, but a thieving sand took it. The thieving sand just below the pay sand in the shot hole. I would like permission to pull the 8 in. pipe and plug. Will fill the hole with mud, using the required amount of cement. Will report to you exact specifications when work is done, complying with all rules and regulations required by the commission.
