

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

Place

Date

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the John W. Crumley
Crumley - Levers State State Well No. 2 in SWSW
 Company or Operator Lease
 of Sec. 34, T. 17S, R. 28E, N. M. P. M., Artesia Field,
Eddy County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

I would like permission to change plans from plugging at this time and shoot the oil sand with fifty quarts of Nitroglycerine from 2192 ft. to 2200 ft. If I get results, would like to shoot in the same place with one hundred quarts. Will test after first shot and report results on proper form. Hole is dry of water and oil continues to rise in hole.
