Gentlemen:

On June 16, 1960, a survey was made to locate your No. 2 location on the State "BT" lease at a point 869.27 feet from the North line and 1967.24 feet from the East line 6 $\frac{1}{2}$  Section 34, Township 17 South, Range 28 East, N.M.P.M., Eddy County, New Mexico. Said Well location is also described as being 430 feet from the South and 660 feet from the East lines of the NW $\frac{1}{4}$  NE $\frac{1}{4}$  Section 34.

A flag was at the USGLO Quarter corner marker common to Sections 27 and 34, and the Transit was set up at the USGLO Section corner marker common to Sections 26, 27, 34 and 35. Thence chaining from the Transit S89°23'W a distance of 1967.24 feet to a point, thence S0°21'E a distance of 869.27 feet to the location site of the State "BT" No. 2. As a check on our survey we chained from the location site N89°23'E a distance of 1967.24 feet to the East boundary line of Section 34, thence N0°21'W along the East boundary line of the Section to the point of beginning of our survey, checking in within the allowable error for this survey.

The location site as originally called in to us was to be 330 feet from the South and 660 feet from the East lines of the NW $\frac{1}{4}$  NE $\frac{1}{4}$  of Section 34, but due to pipelines at that location the site was moved 100 feet North.

I hereby certify that the foregoing survey was made in the field under my supervision and that the same is true and correct to the best of my knowledge and belief.

Respectfully submitted,

  
John W. West
