Gentlemen:

On June 15, 1960, a survey was made to locate your No. 1 location on the State "BX" lease at a point 2263.18 from the north line and 660 feet from the East line of Section 34, Township 17 South, Range 28 East, N.M.P.M., Eddy County, New Mexico. Said well location is also described as being 330 feet from the South and 660 feet from the East lines of the SE $\frac{1}{4}$  NE $\frac{1}{4}$  of Section 34.

A flag was set at the USGLO Quarter corner marker common to Sections 27 and 34, and the Transit was set up at the USGLO Section corner marker common to Sections 26, 27, 34 and 35. Thence chaining S89°23'W a distance of 660 feet to a point, thence S0°21'E a distance of 2263.18 feet to the location site of the State "BX" No. 1. As a check on our survey we chained N89°23'E a distance of 660 feet to the East boundary line of Section 34, thence N0°21'W a distance of 2260.5 feet along the East boundary line of the section to the point of beginning of our survey, checking in within the allowable error for this survey.

I hereby certify that the foregoing survey was made in the field under my supervision and that the same is true and correct to the best of my knowledge and belief.

Respectfully submitted,

  
John W. West
