designated Pool, Eddy County
New Mexico

Dear Sir:

With regard to the above captioned well it has come to my attention that the 8 5/8" surface casing has not been cemented in compliance with our agreement at the time we last discussed this matter when you were drilling at about 600 feet.

It will be necessary for you to make some arrangement for cementing the 8 5/8" casing before your Form C-104, Request for allowable & Form C-110's Certificate of Compliance and Authorization to transport oil will be approved by this office.

Yours very truly,

L. A. Hanson
Supervisor, Oil & Gas Inspector
