(NOTE: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

**17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.) \***

This was an old P & A well (Dodson No. 1 McElrath) that was re-entered and completed as a gas well. Due to subsequent inability of Kennedy Engineering Company to purchase gas, which resulted in mechanical difficulties that resulted in well's inability to produce gas, this well will be P & A as follows:

10 sx plug @ 2450' (Cleaned out T. D. - old T. D. 2750')

30 sx plug in & out of 4½" casing stub

10 sx plug @ surface

Place dry hole marker and restore location.
