Re: Form C-126 William Barnhill

Dear Mr. Hanson:

I am enclosing two copies of Form C-126 as submitted by William Barnhill of Moab, Utah. I do not believe that this operator has any production at the present time, but it may be that he is drilling in Eddy County, and of course if the lease to which he refers is not on Federal land, he will require a bond. I shall appreciate it very much if you will check the lease location etc. on the enclosed form, and if all is in order, return it to Mr. Barnhill with instructions to attach two additional copies and return it to this office for approval.

Yours very truly,

OIL CONSERVATION COMMISSION
