David,

Below you will find a copy of the letter I sent to Tim. He said we were ready for the next step (hearing process). If you need anything let me know.

Thanks

This well is in violation of Rule 201, wells to be properly abandoned.

This is a list of actions taken in an attempt to get Saga to bring this well into compliance:

- | | | |
|-----------------|---|---------|
| 1.) 11-18-19999 | Field inspection | well SI |
| 2.) 05-03-2001 | Field inspection | well SI |
| 3.) 05-04-2001 | Letter of direction sent | |
| 4.) 09-05-2001 | Field inspection | well SI |
| 5.) 11-20-2001 | Letter of direction sent via certified mail
receipt dated 11-26-2001 | |
| 6.) 01-02-2002 | Notice of Violation sent via certified mail
receipt dated 01-04-2002 | |

To date no action has been taken on the well. With your permission I will petition David Brooks for an Order to Show Cause and see if he wants to pursue this.

The only thing I feel we do not have at this time is a current photo. If you want we will get a photo prior to contacting David. If you have any other concerns please advise.
