Re: West Henshaw Premier Unit
Tract 15 well #2, in 2-16-30
and Tract 13 well #3, in
2-16-30

Gentlemen:

On March 21, 1973, an inspection was made of the sites of the subject plugged and abandoned wells. Said inspection revealed the following items which require correction before the plugging reports may be approved.

1. Deadmen cut
2. Pits need to be filled and location in order.

Please notify this office when the work has been completed so that we may reinspect the locations.

Very truly yours,

OIL CONSERVATION COMMISSION

Lelan A. Mermis
Oil & Gas Inspector
