Re: New Mexico State "BC" Well
#4, Unit I Lot 9, Sec. 2-16S-30E,
W. Henshaw Undesignated, Eddy
County, New Mexico

Gentlemen:

We are returning the enclosed Form C-104 for correction. The Notice of Intention to Drill (Form C-101) stated that 300 sacks of cement would be used on the second string of casing but Form C-104 shows only 200 sacks used. Also, the surface pipe given on Form C-104 does not correspond with that given on Form C-103 on this well.

Please submit three (3) copies Form C-102 (Miscellaneous Notice) showing the change in program. This should have been submitted to this office before the work was done. ✓

Very truly yours,

Dear Sir:

We are returning the enclosed form 0-104 for correction. The reason
of information to Unit 1 (Form 0-101) stated that 300 sacks of cement
would be used on the second string of casing but form 0-104 shows
only 200 sacks used. Also, the surface pipe given on form 0-104 does
not correspond with that given on form 0-103 on this well.

Please submit three (3) copies form 0-104 (Miscellaneous Notice)
showing the change in program. This should have been submitted to
this office before the work was done.

Very truly yours,

DILL CONSERVATION COMMISSION
