Dear Sir:

This office received Form C-103 on the above subject well on January 24, 1977 saying you planned to convert this well to a water injection well.

We approved the Form C-103 on March 8, 1977 and returned a copy to your office.

Would you please file all subsequent reports on this well since that time.

Sincerely yours,,

Mike B. Williams
Oil & Gas Inspector
