West Henshaw Grayburg Pool

Attn: Ted Smith

Dear Sir:

The last form filed on this well was in July of 1981 and that was an intent to repair tubing.

The C-103 should be filed stating anything that has been done to the well since that time. The original and 3 copies of this should be filed.

An intent to plug the well and the procedure to be used should have been filed before the plugging of the well, but since you had verbal approval, send in your report, in triplicate, of the procedure followed in plugging the well. Be sure you type on the form the verbal approval was given, by whom, and the date given.

This should be all that you will need to do since it is an old well.

Very truly yours,

A handwritten signature in cursive script that reads "Leslie A. Clements".
