Dear Herman:

We have recently received a letter from Mr. Stamets of the Oil Conservation Commission concerning the allowable for the 40 acre tract located in the NW/4 of SE/4 of Section 26, T-16-S, R-30-E, in your West Square Lake Project. We would like your suggestions as to the best way of allocating allowables to the two wells on this tract, so that we can have 10 barrels per calendar day for the Etz 1 J.

Please give us your ideas concerning this as soon as possible so that we can forward our joint recommendations to the Oil Conservation Commission.

Best personal regards,

  
FRANK DARDEN
