17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

We request Permission to leave well under T.A. Status.
Well records indicate that well was T.A. because of economic reasons and not mechanical failure.
Therefore we will probably put back on production in the near future.
