Dear Sir:

Enclosed you will find Form C-104, Request for Allowable, for our Evans No. 12 Well located in the Square Lake Field of Eddy County.

You will note that this form is completed to the best of our ability, but because it does not cover the situation specifically, we are submitting this additional information in letter form.

This well has formerly been operated by Newmont Oil Company, but we took over the operations in February, 1966, at which time this well was carried as temporarily abandoned. Production records indicate that it has been temporarily abandoned since May of 1963. In May of 1966, we worked over the well in the same reservoir and ran a string of tubing to 2903'. Also, we set a seating nipple at 2869'. The well has been producing since May 12, 1966, and present production was shown to be making 16.56 BOPD, therefore, we are requesting an allowable of 20 BOPD for this well.

If there is any additional information you need, please advise us immediately and we will be happy to comply with your request.

Yours very truly,

*Jack M. Myers*
