13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed well and approximate duration thereof. If the proposal is to deepen directionally or recomplet horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or following completion of the involved operations. If the operation testing has been completed. Final Abandonment Notices shall be determined that the site is ready for final inspection.)

Details, including estimated starting date of any proposed well and approximate duration thereof. If the proposal is to deepen directionally or recomplet horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or following completion of the involved operations. If the operation testing has been completed. Final Abandonment Notices shall be determined that the site is ready for final inspection.)

We propose to clean out well to see if it will produce oil. If not, we will then apply for

P.D. and put on production and test sufficient quantities to operate. &A approval.

We would like 3 months to complete test of P&A
