13. Describe Proposed Operation

If the proposal is for a new well, attach the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the proposed operation. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the well is suitable for final inspection.)

Proposed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is for a new well, attach the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the proposed operation. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the well is suitable for final inspection.)

We propose to clean out well and re-instate back to injection well. Csg. has already been tested according to regulations witnessed by BLM. (check the closed)
