

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

CORRECTED REPORT

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for transparency and accountability, particularly in financial matters. The text suggests that organizations should implement robust systems to track every aspect of their operations, from procurement to sales, to ensure that all data is captured and stored securely.

2. The second section focuses on the role of technology in modern record-keeping. It highlights how digital tools and software can significantly enhance the efficiency and accuracy of data management. By leveraging cloud-based solutions, organizations can ensure that their records are always up-to-date and accessible from anywhere, facilitating better decision-making and collaboration across the organization.

3. The third part of the document addresses the challenges associated with data security and privacy. It notes that as the volume of data increases, the risk of breaches and unauthorized access also grows. Therefore, it is crucial for organizations to invest in strong cybersecurity measures, including encryption, firewalls, and regular security audits, to protect their sensitive information and maintain compliance with relevant regulations.

4. The fourth section discusses the importance of regular audits and reviews. It states that periodic checks of records are necessary to identify any discrepancies, errors, or potential areas for improvement. This process not only helps in maintaining the integrity of the data but also provides valuable insights into the organization's performance and operational efficiency.

5. The final part of the document concludes by reiterating the overall importance of a systematic approach to record-keeping. It encourages organizations to adopt a proactive stance, continuously updating their policies and procedures to adapt to changing requirements and technological advancements. By doing so, they can ensure that their records remain reliable and useful for the long term.
