THE HISTORY OF THE
CITY OF NEW YORK

FROM THE FIRST SETTLEMENT TO THE PRESENT TIME

The city of New York, from the first settlement to the present time, has been a city of great importance and interest. It has been the seat of government, the center of commerce, and the home of many of the great men of the world. The city has grown from a small settlement of Dutch and English traders to a great metropolis of millions of people. The history of the city is a story of growth and progress, of struggle and triumph. It is a story that is still being written, for the city is still growing and still progressing. The city is still the seat of government, the center of commerce, and the home of many of the great men of the world. The city is still a city of great importance and interest.
