in

Company or Operator

Lease

of Sec. Eddy, T. 2, R. 1, N. M. P. M., Artesia Field.

County.

## FULL DETAILS OF PROPOSED PLAN OF WORK

This well has been abandoned and is not being produced. It is our intention to plug and abandon it. There is 545' of 8 5/8" O.D. casing, cemented with 50 sacks of cement and 2396' of 7" O.D. casing cemented with 100 sacks of cement in this well. We will pull as much of this pipe as it is possible to recover and plug by the following program:

Fill with heavy mud from total depth to base of oil string, set cement plug at this point, fill with heavy mud to point where pipe is shot, set cement plug. Fill with heavy mud to base of surface string, set cement plug. If any of the surface string can be recovered, a cement plug will be set at point pipe is shot or parted and the hole will be filled with mud to surface where cement plug and regulation Marker will be placed. Work to begin immediately.

Total depth of this well is 3040'

Approved  
except as follows:
