Sec. 3-16-30 North Sq. Lake
Eddy County, New Mexico

Gentlemen:

By your letter of April 6, 1962 you reported that you had not received supplements assigning allowable to the subject well for March and April of this year. In checking our records we find March supplement No. A-57 for 36 barrels of oil per day or 612 for the month and April supplement No. A-6 for 35 barrels of oil per day or 1050 for the month. These supplements were prepared and mailed quite some time apart and it would appear that at least one of them should have reached your office.

We have called Continental Pipeline Company conforming these supplements. If you need copies of the same please so request by return mail.

Very truly yours,

OIL CONSERVATION COMMISSION

[illegible]

I have called Continental Office Supply Co.
 and they said they will send me 10 copies of the book free of charge.
 I am sorry I cannot give you more than one copy.
