Gentlemen:

Your letter dated June 16, 1961 indicates the captioned well lies outside the boundaries of currently designated pools producing from the Grayburg/San Andres. This well is located some one and one-half miles west of the North Square Lake (Grayburg) Field, and may or may not be a part of this pool. Therefore, we consider it prudent that Shell Trigg Federal 1 be carried as an undesignated well for the present.

Yours very truly,

R. L. Rankin  
Division Production Manager
